

Silent Voices Organization

A big thank you to all our Donors and Volunteer Ambassadors!

Thanks to your generous support over the past weeks, as well as your dedication to volunteering and delivering our ‘Mother Tongue Virtual Emotional and befriending support and for providing funds and in-kind donations. We have been able to help over 30 women of African origin who have been affected by COVID – 19. With your gift, we have provided food hampers to 30 women weekly and baby clothes to 17 women who are expecting their new arrival between April and August 2020.

Your contribution was essential in changing their lives for the better during the COVID 19 crisis! Although we inch toward a safer, more supported members of our community every day, we all know that the challenges brought by the Pandemic is far from over.

Silent Voices Organization like many community organizations is overwhelmed with request for support. It’s the expectant women who are scared and worried at the hostile reality they are faced with, not being able to prepare for the birth of their new babies while single mothers are unable to feed their children on a tight budget during the lockdown. They are the ones who finally take the leap forward. Our beneficiaries need newborn baby essentials, food, and resources to cope.

Because of you our donors, sponsors, and volunteers all those whom we support wake up in hope each day instead of despair. Their children can have a decent meal, clothes, cleaning, and essential products they need. As the lockdown continuous, we are working hard to secure enough funding to get us through during these exceedingly difficult weeks and the uncertainty of the coming months. Please donate and support us to reach a goal of £20,000 to continue supporting those who are most in need.

Together, we can continue relieving the pain of the BAME communities and the poor who have been hit hardest by COVIC – 19 and make their lives bearable.

Again, thank you for all your support

Sincerely,

Margaret Ayo
